1. Policy Statement

1.1 Authority

The Australian Institute of Music Limited (AIM), known as ‘the Institute’, is governed by the Board of Directors (BoD) with academic authority delegated to the Academic Board (AB). The BoD and AB share joint responsibility for ensuring that all academic policies and procedures follow ‘best practice’ principles for Higher Education and other sectors of educational delivery, in compliance with relevant Australian legislation and current regulatory requirements.

AIM is committed to ensuring that all students are supported throughout their course of study to assist them to achieve the qualification for which they have enrolled and to ensure students comply with government legislation regarding academic progress.

Students will be advised of the Institute’s intervention strategies and their obligations in relation to these strategies during orientation. A copy of all the relevant policies and procedures are available on SharePoint.

1.2 Application

This policy and procedure applies to the delivery of all accredited AIM programs offered at the Sydney and Melbourne campuses. If applicable, this policy and procedure will also apply in future, wherever accredited AIM programs are approved for delivery elsewhere in Australia or overseas.

1.3 Purpose

The purpose of this policy is to detail the process for monitoring and applying interventions relating to the students’ academic progression.

1.4 Principles

Students:

- Should progress through their course in accordance with legislative requirements;
- Are identified if they are:
 - a. not making satisfactory course progress through unsatisfactory academic performance and/or
 - b. ‘at risk’ of not making satisfactory course progress
- May be put on academic support or suspended from their studies or have their studies deferred as per the *Deferring, Suspending, Withdrawing, Cancelling Student Enrolment Policy and Procedure*
- Enrolment may be extended where it is clear that the student will not complete their course within the expected duration, as specified on the student’s eCoE, as a result of compassionate or compelling circumstances; or
- Should be advised of their academic progress and provided with an appropriate range of support
- Will be reported to the relevant government department if there is a breach of legislative requirements.

1.5 Scope and Coverage

This policy and procedure applies to all students studying an AIM Foundation Program or Higher Education course offered at the Sydney and Melbourne campuses.

ACADEMIC PROGRESSION AND INTERVENTION POLICY AND PROCEDURE

2. Procedures

2.1 Student Requirements

2.1.1 Academic Progression

Academic progression is the process by which a student is able to advance in their course of study through progressively meeting the academic and administrative requirements for the course.

All Students must:

- achieve a grade pass for all enrolled units of study per Study Period
- maintain a minimum average class attendance of 80% at all times. (See Section E *Attendance in the Assessment Policy and Procedure*.)

International Students must:

- be registered into CRICOS approved courses;
- only be registered as full time students and must be engaged in full time study for the entire duration of their course;
- maintain an enrolment program that will allow them to complete their course within the specified/eCoE (electronic Confirmation of Enrolment) timeframes.

Domestic FEE-HELP Students

- For more information see [Study Assist](#).

2.1.2 Academic Study Load

The Institute defines a full-time study load for:

- Undergraduate students:
 - Bachelor of Music/Bachelor of Arts & Entertainment Management/Bachelor of Music Theatre/Diploma of Music: 48 credit point (CP) per year. Normally 18 CP in Study Periods 1 and 2 and 12 CP in Study Period 3 or 18 CP in Study Periods 1 and 3 and 12 in Study Period 2.
- Graduate Studies:
 - Master of Music/Master of Arts and Entertainment Management: 36 credit points per year (12 CP per Study Period)

2.1.2.1 Requests to increase a study load must be made by completing the *Fast Track Mode Application*. Students on Fast Track Mode who fail a unit, except in exceptional and extenuating circumstances will be required to revert back to a standard pattern of study.

2.1.3 Unsatisfactory Academic Progress

When a student has not met academic progression requirements at the end of the study period, they will be identified as a 'Student at Risk' and be placed on an intervention strategy of Academic Support.

2.1.3.1 If a student is concerned about their academic progress, they are encouraged to speak to their Lecturer in the first instance. The Lecturer may advise the student to contact the Associate Head of Learning and Teaching and/or the Student Success Manager for more support or to speak with a Course Convenor.

2.1.3.2 For international students who do not meet course requirements, the Institute is required to notify the Department of Home Affairs (DoHA).

ACADEMIC PROGRESSION AND INTERVENTION POLICY AND PROCEDURE

2.2 Monitoring Course Progress

2.2.1 Assessing satisfactory course progress

To achieve satisfactory course progress, the student is expected to attend all scheduled classes as advised, submit all required assessments, attend all exams as scheduled and achieve a minimum pass level in each of their component units.

2.2.2 Monitoring, review and intervention

The monitoring, review and identification of appropriate intervention in regard to student progress will take place in three broad areas:

a. Ongoing Monitoring

- During each study period (especially during weeks 1-4 and weeks 7-10) Lecturers will monitor the engagement and progress of students in their class, ensuring early formative assessment to gauge if any particular intervention strategies are required to ensure a student's success. The Lecturer holds primary responsibility for student learning.
- If a student is showing signs of unsatisfactory academic progress (such as lack of attendance, lack of participation or activity, low scores in an assessment) that the Lecturer has been unsuccessful in resolving, the student should be referred to the Associate Head(s) of Learning and Teaching for the particular unit(s) identified and to the Student Success Manager.
- The Associate Head of Learning and Teaching will meet with the student to provide academic counselling and assess specific academic support requirements. A summary note of this meeting should be recorded on the student's file
- If the student requires academic mentoring and/or support workshops, they will be referred by the Associate Head of Learning and Teaching to the Student Success Manager to ensure that appropriate support services are provided.

b. Mid-Study Period Review

A mid-study period Progress Review Committee will meet by no later than Week 7 of each Study Period

- Associate Heads of Learning and Teaching review assessment completed by Week 6 to identify students who are potentially at academic risk and will refer to the Student Success Manager for academic mentoring and/or support workshops and will notify the Head of Student Experience and Success.
- Compulsory academic mentoring is undertaken by the Student Success Manager to support student learning experience and ensure academic success wherever possible.
- The provision of academic support will be monitored by the Head of Student Experience and Success (or Delegate) to ensure best possible educational outcomes.

c. Determining satisfactory course progress at the end of each study period

Satisfactory course progress is determined at the end of each study period by the Academic Progression, Scholarships and Awards Subcommittee (APSAS). If the student has not achieved satisfactory course progress, the APSAS will consider the student's lack of progress. Unsatisfactory course progress includes:

- Failure in one or more units of study and/or failure of a unit being taken for the second time
- If a student passes less than 50% of their registered units in a single study period

In both cases, their course progress will be regarded as unsatisfactory and the student will be placed on Academic Support.

ACADEMIC PROGRESSION AND INTERVENTION POLICY AND PROCEDURE

The Student Experience and Success Department will inform the student in writing they are a 'Student at Risk' and will be placed in an Academic Support intervention strategy.

2.3 Academic Intervention Strategy

2.3.1 Notifying the Student of Unsatisfactory Progress

- After each Academic Progression, Scholarships and Awards Subcommittee (APSAS), those students who have been identified as a 'Student at Risk' will be sent a *Letter* by the Student Experience and Success Department.
- The letter will advise the student they will be placed on Academic Support for not meeting course progress and as part of the academic support will be required to work with the Student Success Manager and attend compulsory Academic Support Workshops in the following Study Period.
- The letter will be placed on the student's file.

2.3.2 International Students

If for any circumstances an eCoE extension is required in order for the international student to complete all course requirements, these circumstances must be identified and the information placed on the student's file. A student's eCOE can only be extended if:

- there are compassionate or compelling circumstances
- the student has complied with the intervention strategies (eg: compulsory Academic Support Workshops) imposed on them
- there was an approved deferral or suspension of enrolment

2.4 Unsatisfactory Course Progress and Academic Reporting

2.4.1 Students will be deemed to have failed to meet satisfactory course progress requirements when one or more of the following criteria are met:

- I. The student has failed to attend the compulsory Academic Support Workshops.
- II. The student has failed to maintain an enrolment program within the specified eCoE timeframes
- III. The student has failed one or more units whilst on Academic Support
- IV. A student receives a 'NA Fail' (Non-attendance) for all registered units in a single study period they will automatically be issued with a 'Show Cause' even if they are not currently on Academic Support

2.4.2 All students formally identified as failing to meet satisfactory course requirements will have their candidature reviewed by the APSAS. The APSAS will consider whether their candidature should continue or whether there are grounds for their withdrawal and cancellation of enrolment.

2.4.3 Students with unsatisfactory course progress may be required to forfeit any scholarship payments they are entitled to. Students who have their scholarship discontinued as a result of unsatisfactory course progress may re-apply for a scholarship once they return to satisfactory course progress.

2.4.4. Procedure for Notifying Students

- I. Students at Risk are determined by the Head of Student Experience and Success (HSES) after the Academic Progression, Scholarships and Awards Subcommittee (APSAS) meeting has reviewed results at the end of each Study Period.
- II. After the APSAS meeting has taken place the HoSES will assess student's results and table a list of students who will be notified as a Student at Risk and requiring Academic Support

ACADEMIC PROGRESSION AND INTERVENTION POLICY AND PROCEDURE

- III. If in the APSAS meeting the decision is made that a student should be notified as 'At Risk', the HoSES or their nominee will advise the student in writing no later than 5 working days after the decision has been made.
- IV. The student will be offered the opportunity to appeal the decisions made by the APSAS within 20 working days.

2.4.5. International Students

International students will be informed that maintaining satisfactory academic progress is a condition of holding a student visa and that the Institute has an obligation to notify the Department of Education (DoE) and the Department of Home Affairs (DoHA) of students who have made unsatisfactory academic progress, which could result in the cancellation of their student visa.

2.5.4.1 International students who are deemed by the APSAS to have Unsatisfactory Course Progress will be sent a *Notice of Intention to Report* which will inform the student of the intention to cancel their eCoE by the Student Services Manager. Students will consequently be reported to the DoHA.

2.5.4.2 If an international student continues to fail any of their current units after receiving Academic Support, then their enrolment will be terminated.

2.5.4.3 Students will be advised they are entitled to access the *Appeals Policy and Procedure* and make an appeal against any decision made. The student has 20 working days in which to make the appeal.

2.5.4.4 If the student chooses not to appeal the decision within 20 working days, withdraws from the process, or the process is completed and results in a decision supporting AIM's decision, the Student Services Manager will notify the DoE and DoHA via PRISMS and advise that the student is not achieving satisfactory progress.

Please Note: Students in this situation are required to attend the Institute until notified by DoHA.

2.5.5 Domestic Students

All domestic students who are deemed by the APSAS to have Unsatisfactory Course Progress will be sent a *Notice of Intention to Withdraw Enrolment* by the Student Services Manager.

Students who are notified of AIM's intention to suspend or cancel their enrolment will be informed in writing about AIM's appeals process.

Students are entitled to access the Institutes *Appeals Policy and Procedure* and make an appeal against any decision made. The student has 20 working days in which to make the appeal.
